

## 2019 WSSA CONFERENCE VENDORS

**CORRECTIONAL EDUCATIONAL ASSOCIATION - WISCONSIN:** Founded in 1984, CEA is a non-profit, professional education association. Correctional education sites in Wisconsin include jails, juvenile and adult state institutions and a federal prison.

**DCF/DFES/BWF/PARTNER TRAINING SECTION:** (Madison, WI) Serves as a vital link between policy development and program implementation, training thousands of Wisconsin Economic Support and Employment and Training professionals, to implement progressive programs leading to higher levels of self sufficiency and a better prepared workforce.

**DOSE HEALTHCARE INC:** Based in Nashville TN, Dose Healthcare is a healthcare company focused on making convenient, quality on-site healthcare available to small and mid-sized businesses. Founded in 2014, employees of all sizes can now enjoy the benefits of an on-site clinic with zero start-up costs and overhead.

**OTTAWA UNIVERSITY:** Founded in 1865 and continually accredited since 1914, Ottawa University is a nonprofit, private liberal arts institution dedicated to preparing students for lifetimes of enlightened faith, exemplary service, inspired leadership and personal significance. It offers students a caring, all-inclusive community experience that encompasses inspired leadership, measured impact and unparalleled support for personal growth.

**RAWHIDE INC.:** (New London, WI) Since 1965 Rawhide has helped troubled teen boys change their lives by providing residential care and counseling. It is a faith-based, non-profit organization, offering a unique blend of academic, work experience and moral training to help them become productive members of the community.

**WISCONSIN CHALLENGE ACADEMY:** Located at Fort McCoy, WI, it is a 17-month program divided into two phases for boys and girls (16 years 9 months but not yet 19 years old) who have dropped out, been expelled or at least one year behind in high school credits. Phase 1 is a 5 1/2 month residential program and Phase 2 is a post residential program. 76% of the graduates are working full-time or attending school one year after graduation.

**WISCONSIN COUNCIL ON PROBLEM GAMBLING** (Green Bay, WI) provides resources, public awareness and education on problem and pathological gambling disorders while maintaining strict neutrality on the issue of legalized gambling. Treatment provides referrals, crisis center information, in-patient centers and many other community resources, and offers self-help information.
